To whom it may concern,

I am please to write this letter of recommendation for Nathalie Boulanger. Nathalie has been in my class since mid October doing her practicum in her year 6 of university. She spent eight weeks with us in a French Immersion kindergarten class.

Nathalie has always presented herself professionally. She came with an inquisitive mind, ready to learn and grow. Nathalie has developed a good relationship with the children right from the start. She learned the names of the children quickly and was able to get down to their level and lend an attentive ear.

Nathalie was able to engage with parents demonstrating good work ethic and interpersonal skills. She met parents during parents/teacher interview and participated in discussions.

In the last part of her practicum. Nathalie took over the class. She prepared lessons that were age appropriate and she considered the different style of learning. Nathalie has great ideas and is a risk taker! Always she was supportive and encouraging. Nathalie is receptive for feedback and is able to learn from her experiences.

Nathalie can easily mingle with staff members. She has been involved with extra curricular activities (Jazzercise). She has also volunteered to be a member of our inquiry project at the school board level on Reggio Emilia.

In closing, I would like to say that Nathalie would be a great addition to any staff. She has good insight and has what it takes to be a great teacher!
